Re: H.R. 3377 and S.2080, The Genetically Engineered Food Right to Know Acts; H.R. 3883, The Genetically Engineered Food Safety Acts.

Dear Commissioner,

I support the legal petition filed by the Center for Food Safety to the FDA that includes:

- mandatory labeling of all genetically modified foods.
- the adoption of strict regulations for the health and safety testing of GMOs.
- requirements for comprehensive assessments of environmental risks associated with GMOs.

I believe that this is a necessity, not only to provide the consumer with honest information, but to inform the consumer with all genetic alterations of food products and any pesticides/chemicals/fertilizes used in food products and produce.

Thank you,

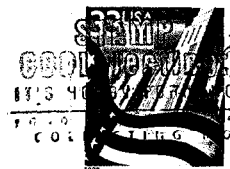

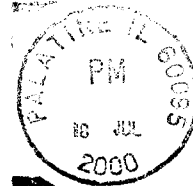

Ms Lynn Wallace-Mills
2546 S. Grove Ave.
Berwyn, IL 60402
